2019 Membership

JACK HENRY & ASSOCIATES GULF STATES USER GROUP

The JHA Gulf States User Group (GSUG) is a regional user group made up of banks that use Jack Henry & Associates CIF 20/20 core banking software. Membership is comprised of banks in Alabama, Georgia, Florida, Mississippi, Louisiana, and South Carolina. Membership is open to both in-house and Outlink banks.

Our Spring Meeting provides educational information for financial institutions and is also very entertaining. The spring meeting is scheduled for Monday May 7th through Wednesday May 9th. The meeting typically has special sessions on topics that interest or impact banks – CIF 20/20, ACH, Security, BSA, IT, and anything else that users deem important and educational to financial institutions. There will also be a vendor fair with various vendors displaying and demonstrating software, financial supplies and equipment, etc.

Annual dues for the GSUG are **\$500.00**, which entitles your bank to send two people to the Spring Meeting, have an unlimited number of attendees at any online meetings which may be held, and participate in a lively e-mail group to exchange ideas and Q&A. This is a great price compared to other educational seminars offered by various organizations.

If you are already a member, please continue to support this group. If not, please join us for a priceless network of users and support. You also have the ability to have an impact on enhancements to our banking software.

Locations, agendas and meeting registration forms will be sent to members before each meeting. They will also be posted on our website at www.jhagsug.com.

Please return your membership dues by March 1, 2019. This will help us to prepare for and ensure a great meeting!
